The Family Court of Clark County invites you to attend this educational seminar that focuses on the needs of children during these times of stress. The seminars are conducted by Experienced and quality professionals from

Palo Verde Child and Family Services, Inc.

a non-profit organization

Topics Include

- **How families experience divorce**
- **Typical reactions of children**
- **Developmental needs of children**
- **Skills that help children cope**
- **Pitfalls to avoid**

Our children are so very precious to us but often, when we are under stress, we forget how much they need us. At times, they need a little extra help to overcome difficult situations, like divorce.

Children who make the best adjustment to divorce are those whose parents make the best adjustment.
